Dearest Friends - Thanks for taking my collect call. You and Phil and Judy are my only friends affluent enough that I dare call collect. A longer letter has been in the works to you and Linley for weeks but circumstances keep changing. The only really good news I have right now is that my exhibit really is in Wollaton Hall! And the leaves are just turning. I go to London on Sunday to have it out with Imperial and Arts Cat for 5 days and may return thereafter.
