

Salore house-sit

21 - 29 April

arrived about 7:15^{pm} Friday 21st,
stayed all day Saturday (walked to store),
here Sat. night.

Sunday morning Don Carrer and his
daughter Vanessa came about 10^{am} - Linley
Storm came about 11^{am}. Linley and
had plans to take Vanessa out but Cheeto
became sick Saturday night and went to
the Vets Sunday Am so plans changed. We
all left shortly before noon - I fed up
the fish and Button with dry food but told
her as a 10+lbs. cat she could skip her
1/2 can of wet food for one night. She understood.

Spent Sunday night at Doris, bused in from
Everett Monday morning arriving here 8²⁰^{am}
and was out here about 9¹⁵^{am} and here all
day.

Tues, Wedn, Thurs & Friday (25th - 28th)
I walked, bused or got a ride with Tom
Putnam into his Studio mid-morning,
spent the day and was back here between
5 and 7^{pm}

Friday night about 7^{pm} Wil Lund gave me a ride
out and used the bathroom before heading for E. WA. ✓

you're out of kitty litter - and I've
about eaten everything in the house and
spent all the loose U.S. change on Tobacco.

It's noon on Saturday and Don Carver
just called to say he and Vanessa are
going shopping $\frac{1}{2}$ way here and said he
would swing by and pick me up.

This will save you giving me a ride
out to South Everett when you get back
to night - on the other hand if I stayed
I was going to vacuum up a bit.

I have a small load of laundry in
that might not be done by the time Don
comes. It's all mine except for your
bath towel and bath mat. If I don't
take it I'll try and get by for it
Monday or so.

Thanks so much
for having me!

Acorn
