Dearest Friends — Ah, winter
in alaska, the only thing missing
is you (well... Button might not like
it). I feel like I'm getting something
done, going for the Sci Art grant.
Really looking forward to getting to
have a visit with you in Jan. Have
lots of ideas on table-top transmutation
set up and did crunch the numbers for
AmBe sources... but in the end chickened
out on trying to smuggle stuff back
with me. Probably just as well. Hope
you are well and enjoying friends as
much as I am up here.
I have a 3 ft. Iguana as
a basement roommate!!

much love, Jim
