

9 May 2008
Seattle

Janet and Button,
Jim has started a sculpture
on my table and I don't have
much room anymore. So I
create folders and turn on cap-
lock so his password will be
in the wrong case - and I
turn on the speaker-phone and
sleep on the printer and chew
on the paper in the loading tray.
I thought you would like this
cartoon.

Sneezey
