Dear Alison,

Thanks for the photos of Mexico. It looks like you have been staying in the most beautiful place. What a break from D.C.! As always, it has been good to hear from you.

Not much new with me. I'm working on a sculpture but it is an old idea… nothing new. I'm trying to get back in the habit of drawing every day but seem to be too lazy to pull it off. Thanks for staying in touch.

Your godbrother,

Jim
