

Dear Galores :

Monday - 26 June 1995

Sure was good to hang with you guys last weekend, even if too short a time. It was great to see 'zombie' and spend a night with you. I hope to get over to Seattle again next weekend (1 July)... I'll see if I can get clear to do that.

Enclosed is a science-supply listing of small jars & bottles that may work for Janet's way-cool caged/sculpture project. I'll try to remember to bring some mercury with me when I come. Other clippings self explanatory.

Much love,

 (Eddie-the-Cat)

Dear Colonel :

I am glad to hear with your group that
you have decided to start a new one. It is good to see
and good to hear that you I hope to get out to do
some more work (1911) ... I'll see if I can get more

...
...
...
... ..
... ..

Very truly
yours
