Monday - 13 September 1999
Neal's Yard, London

Dearest friends:

In London, pumped
for another round of art.
I can't thank you enough for all
the support you have shown me.
If I achieve even a fraction of what I
hope to in the next few months it
will be because of your help. Thanks!
I didn't realize how many friends I
had made in London until I arrived today.
Tomorrow I go to I.C. and the reactor and
Thursday up to Nottingham. I talked to the
Reactor manager on the phone this afternoon
and he was a little shy of putting the
transmutation on the web... but didn't
say no, which means I'll talk him
into it in person tomorrow. The Arts
Cat thinks it is a great idea and wants
thier name on it. We will work it out
much love. Jim
