Dear Janet and Edward,

Although the photo does not show it very well the carved female body has the proportions of the stone-age "Venus", a shape dear to my heart.

I had the most enjoyable time last Friday going shopping at Uwajimaya with Linley, Eve and Jake. Watching the kids explore all the interesting goods, especially the seafood department, was just great!

I have been asked to give a talk in Barcelona next Feb. I am pretty excited about seeing Spanish architecture.

Everything best,

Jim

Dear friend and Editor

Although the photo does not
show it very well the curves
female body has the proportions
of the above - Verona a shape
best to my heart.

I had the most enjoyable
time last Friday going shopping
at Washington with Mary, Eva
and John. We had the kids
approve all the interesting goods
operated in the department
who just went!

I have been asked to give
a talk in Bunceloup next Sat.
I am greatly excited about seeing
American architecture

Yours truly,
Franklin D. Roosevelt
