Dear Carey,

My heartfelt congratulations on the birth of Nuri Benjamin Musa-Young. Nuri must be the best X-Mass present ever. I am so happy for you and thanks for his birthday photo.

I hope sometime soon something will bring me to London and I can see you and meet Nuri. As I think I told you, Jim Flint and his wife Robyn had just had a baby girl, Aurora Charlotte, when I was in London three years ago. Jim sends me a photo of Aurora from time to time and babies grow up so fast that I recommend you and Ali treasure every day of Nuri's babyhood.

I hope the snow and ice are melting off of London by now. Weather here is presently very London-like; dark, rainy days sown end to end. I am already pinning for spring.

With every best wish to you and your family,

Jim
