Dear Carey,

You must be about ready to give birth and the news over here is that the weather I England is really bad with lots of snow. I hope you will be able to get to the hospital okay when the time comes.

I wrote you a real, snail-mail letter a week or so ago and wonder if you are still at that address, the only one I have; 2 Oakley House, 61 Riding House Street. Anyway, I hope you got it.

So drop me a line when you get a chance and let me know how it feels to be a mother.

With every best wish,

James L Acord
