Dear Bani,

It is easiest for me to fly out of the Seattle-Tacoma airport in Washington State USA.

And I hope to stay in Barcelona for five days or so as to have time to see some of Gaudi's architecture. I know his buildings only from photographs and have always wanted to see them.

As to a *an IRS certificate that you are a US tax payer* I have no idea what you mean. One does not receive a receipt after filing the yearly form. I will contact the IRS and ask if they know what you mean. In fact I am a native-born US citizen with a US passport, etc. and, like everybody else, file a yearly tax form.

My telephone number here in the States is: (206) 264-0502.

With every best wish,

James
