Senator Maria Cantwell
511 Dirksen Senate Office Building
Washington, D. C. 20510

Dear Senator Maria Cantwell,

I write you at this time regarding America's relationship with Israel. I am appalled at Israel's treatment of the Palestine people and our Nations complicity in it.

Israel is the largest recipient of American aid, some three billion dollars at least, and I can not believe this does not give us leverage. Israel's continuing occupation is wrong and Israel's refusal to abide by United Nations rulings and the Geneva Convention flies in the face of justice.

By supporting Israel in its persecution of the Palestine people America goes directly against our own ideals… and it is wrong.

Respectively yours,

James Leroy Acord
