Master Earl,

Got up early, made the last of the coffee and had a productive morning working on some drawings. Put GHOSTS OF WYOMING's soon to go platinum SNOWY RIVER on and thought I'd write.

Any plans to come up Seattle way… maybe play a gig at the Moon? That would sure be nice and summer is a time to travel. So let me know if you are coming up, okay.

Hope you are well and the muse of music is treating you well.

Jim
